BROTHERLY LOVE

COULD ANYTHING BE
CUTER THAN THIS CUDDLY
BROTHER AND SISTER?

THEY haven't learned to do the royal wave yet, but Britain's mini monarchs sure have looking adorable down pat. Maybe that's because their photographer was none other than their mom, **Catherine, Duchess of Cambridge**.

"Kate broke protocol by taking the pictures herself instead of using the royal photographer, which irked the **Queen**," says a source close to the royal family. "But after seeing how wonderfully they turned out, she approved of them." Kate snapped the photos of her and **Prince William**'s cherubic son and daughter in mid-May, when Charlotte was just a few weeks old, at Amner Hall in Norfolk, the young royal family's country house.

"Kate put a lot of thought into them, even researching the first photos of **Prince Charles** and his sister, **Princess Anne**," says the insider. "In fact, Charles got teary-eyed when he saw them."

There doesn't seem to be a smidge of sibling rivalry as 22-month-old George cuddles with his kid sister. Yet it's the pic of him planting a gentle kiss on her temple that resulted in the "Aww!" heard 'round the world. ★

Family Fears

"Chet's dad and mom must be worried out of their minds over his antics," a source says of Tom Hanks and Rita Wilson.

Twice Isn't Nice

This is the second time in three months that Chet has been in trouble — he drunkenly started a huge brawl in an L.A. nightclub in March, as *Star* exclusively reported.

CHET HANKS

ON THE RAMPAGE

TOM HANKS' TROUBLED SON IS A WANTED MAN AFTER GOING WILD AND REPORTEDLY DESTROYING A HOTEL ROOM IN ENGLAND.

SIMPLY SMASHING!

A splintered mirror (left) and a TV torn off the wall and thrown to the floor (above) were among the damages that Chet allegedly caused to his room at the Arora Hotel outside London.

LAST November, **Tom Hanks'** son **Chet** — an aspiring rapper who goes by the stage name Chet Haze — bravely came forward to publicly admit that he had been battling substance abuse for the past eight years, after *Star* reported that he had secretly been in rehab for a cocaine problem. "With 50 days of sobriety under my belt, I can honestly say I'm the happiest I've ever been," he claimed at the time.

Unfortunately, it appears Chet's demons are getting the better of him again — and causing his family more heartache. Just two months after his

mother, actress **Rita Wilson**, announced that she had undergone a double mastectomy after having been diagnosed with breast cancer, Chet was being sought by British detectives for allegedly tearing apart a room at the Arora Hotel near London's Gatwick Airport in a drunken rage before leaving the area, say sources.

An eyewitness claimed Chet had been "obnoxious" while downing champagne and vodka at a nearby club, then returned to the hotel with one male and three female friends. When one of the women refused to sleep

with him, according to a source, Chet went wild and trashed the room — to the tune of \$1,800 in damages (Chet has called the report "a slanderous bold-faced lie") — causing a number of complaints to the hotel's front desk.

Chet was gone in the morning, but local police confirmed they had "been given the name of the suspect, a 24-year-old man from the USA," and at press time were "working with other agencies to try to trace him so he can be interviewed." ★

**Justin
Timberlake**

To Play Ol' Blue Eyes?

Start spreading the news! **Justin Timberlake** is in talks to play Frank Sinatra in **Martin Scorsese's** new biopic of the iconic crooner. "Justin knows it could be the role of a lifetime," tattled a friend. "Everyone thought **Leonardo DiCaprio** would get it, but Martin wanted to surprise people." Despite Justin's chart-topping past, he hasn't had much luck with films — thanks to flops like *Runner, Runner* and *Trouble with the Curve* — but Martin's got Justin under his skin. "Even though it would be a casting gamble," adds the insider, "that's what could help make this project so exciting...and possibly even an Academy Award contender." He'll do it his way! ★

Frankly, They Could Play Him Too!

LILO OFF THE WAGON!

Six rehab stints and seven years of probation clearly didn't teach **Lindsay Lohan** a thing. *Star* caught the unemployed actress knocking back wine in Venice, Italy, with rumored boyfriend **Mathia Milani**. "She was giggling and slurring her words," a witness reveals. "She kept toasting everyone at the table and trying to joke about how good it was to finally be off probation, but no one was laughing. Her boyfriend looked more and more uncomfortable. It was very awkward." Different country, same old LiLo... ★

In Vino Veritas!

She managed to outdrink her Italian pals and embarrass herself.

TAYLOR'S PLOT AGAINST KENDALL

Taylor Swift has amassed an army of BFFs, but there's one it Girl who's been conspicuously absent from Taylor's crew: **Kendall Jenner**. Sources say Taylor has declared war on the leggy reality star, all because Kendall has cozied up to **Selena Gomez's** ex-boyfriend. "Kendall has been seeing **Justin Bieber**, and Selena is livid," informs a spy. "She wants to hurt Kendall by stealing all her friends and has enlisted Taylor to help her."

Now Taylor has been working overtime to turn Kendall's bestie **Cara Delevingne** against her. "Cara is a social climber and knows that Taylor will do a lot for her reputation, so she's switched cliques," reveals the source. "Kendall thinks Taylor is as fake as they come and that Selena is pathetic for still being hung up on Justin." Turns out there really is such a thing as Bieber Fever... ★

BAD BLOOD!

**Faking It Till
Kelly Makes It?**

SHARON & KELLY TALK TAKEOVER?

Forget celebs and current events — the cast and crew of *The Talk* have plenty to chat about behind the scenes. Panelist **Sharon Osbourne** took a leave of absence from the chat show in late May, citing “extreme exhaustion,” but many wonder if she was merely making room to have her unemployed daughter **Kelly** fill in! “Sharon has been thinking about leaving *The Talk* for good, and Kelly hasn’t found a job since getting axed from *Fashion Police*,” dishes a show source. “People are openly speculating that she could be faking her illness just to make sure Kelly gets to replace her! Sharon would totally do something like that.” But Sharon’s possible power play is rankling host and producer **Sara Gilbert**. “Sharon isn’t in charge, she just acts that way,” another source says. “Sara’s not going to have Kelly shoved down her throat, no matter how bossy Sharon is about it.” ★

JUST CALL HIM CHRIS BRATT!

Chris Pratt’s once down-to-earth attitude has gone extinct. Friends of the *Jurassic World* star say that his ego has grown right along with his star power. “Chris has definitely developed an attitude,” the friend tells *Star*. “He tells his handlers in advance what he will and won’t answer in interviews, and he shoos fans away if they approach him.”

Even his wife, **Anna Faris**, is embarrassed by his behavior. “Chris and Anna were arriving to an event, and the coordinator suggested Anna exit the limo first,” recalled the friend. “Chris said, ‘Hey, dude, isn’t that advice above your pay grade?’ He meant to be funny but he just came across as arrogant, and Anna was embarrassed.”

Even Chris admits he was “more fun to be around” before his weight shrank and his career exploded, and *Star*’s insider agrees: “His ego has almost surpassed his fame.” ★

#AstronautWives

THE BACHELORETTE'S THIEF OF HEARTS

In his ABC bio, *The Bachelorette* contestant **Ben Zorn**, 26, lists *Gone in 60 Seconds* as one of his favorite films — and now we know why. In March 2009, while a sophomore at San Jose State University in California, Ben was pinched by campus cops after a bookstore security guard claimed he tried to leave without paying for a \$127 textbook, according to police and court documents obtained by *Star*. Though Ben insisted he had simply forgotten to pay for the tome, he was charged with misdemeanor petty theft after a security video showed him removing the wrapper and price tag from the book before sticking it in his backpack and walking out. He eventually agreed to a plea deal in which the charge was dismissed in exchange for 20 hours of volunteer work. It appears Ben has turned the page since then. ★

**BEN:

Is Demi JOINING DWTS?

Anything you can do, I can do better! That seems to be **Demi Moore's** motto when comes to her daughter **Rumer Willis** as the actress ponders a run on *Dancing with the Stars*. "She thinks *DWTS* will reinvigorate her lagging career," says an insider, but adds that her daughter isn't so keen on sharing her newfound spotlight.

"Rumer doesn't get why her mom, who's already an A-list star, needs to try to outshine her," explains the source, adding that Demi is even eyeing her daughter's ex partner — and rumored crush — **Val Chmerkovskiy!**

"It's a little annoying for Rumer," adds the spy. "But this is the first project she's seen her mom get excited about in years, and she wants her to be happy." ★

WIFE STRIFE

THE WAHLBERGS' FAMILY DRAMA

Along with thank-you notes and honeymoon sunburns, dealing with in-laws can be a huge headache for newlyweds, as the Wahlberg family is finding out firsthand. Sources tell *Star* that **Donnie's** new wife, **Jenny McCarthy**, loathes **Mark Wahlberg's** wife, **Rhea Durham**! "Jenny feels like Rhea acts like she's better than her," says the family friend. "And Rhea hates how loose-lipped Jenny is. She finds her crude and embarrassing."

As *Star* first reported, Mark and Rhea didn't attend Donnie's Aug. 30 wedding to Jenny, only sending a cordial tweet to congratulate the pair a day later. Now relations between the two couples have become so frosty that Jenny and Donnie were no-shows at Mark's *Entourage* premiere. Adds the insider, "Jenny has no interest in supporting someone who clearly dislikes her." So much for hugging it out! ★

Tom & Emily

CRUISIN'
COUPLE

IS IT LOVE?

Tom is making all the right moves with a new gal.

YOU'D think that a Hollywood superstar like **Tom Cruise** landing in their midst would be enough to keep the townspeople of Ball Ground, Ga., busy, but oddly enough, there's an even bigger buzz burning up their wires: What is going on between Tom and his pretty assistant **Emily**?

The 22-year-old **Katie Holmes** look-alike is on the set of *Mena* — a CIA thriller — with Tom, 52, day and night, and hardly ever more than an arm's length away. Of course, as his personal aide, that's

to be expected. But insiders say there's more going on between them than just work. "They've got undeniable chemistry," a local tells *Star*. "Everyone in town has noticed it. Tom and Emily leave toward the end of filming, like they want to be alone. He definitely trusts her." It's a closeness that seems to have only deepened since she worked with Tom on his last movie, *Mission: Impossible Rogue Nation*.

Other sources say Tom seems very dependent on Emily. "He only leaves her side long enough to shoot a scene

and then he's right back," says the insider. "He's always happy when he's with her."

Since his June 2012 split from Katie, Tom's been working nonstop, filming projects all over the globe. But insiders say he may be headed for some downtime — which bodes well for a new romance (and for strengthening his bond with his daughter Suri). "It looks like it's getting serious," adds the source. "They won't be able to keep their feelings for each other a secret much longer." ★

David's MARRIAGE WOWS!

It's no secret that **David Arquette** has fought a lifelong battle with the double demons of drugs and alcohol, but since he said "I do" to **Christina McLarty** on April 12, it seems he's finally winning. In an exclusive interview, David, 43, revealed to *Star* that he's got a new lease on life. "It's hard not to be happy with such a beautiful woman. We have so much fun together," he says. A large part of his sober satisfaction comes from spending time with his children — Coco, his 10-year-old daughter with **Courtney Cox** and Charlie, his 13-month-old son with Christina, 34. Says David: "We have fun watching Charlie reaching big milestones, and Coco is a brilliant, incredible girl. Everything is great, and I'm just taking things as they come." ★

There won't be a Poker Face in the house when **Lady Gaga** walks down the aisle to become Mrs. **Taylor Kinney** this summer wearing her most outrageous outfit ever — a normal wedding gown! "She is taking this step very seriously and will marry him as Stefani Germanotta, not Gaga, so after much thought it's been decided there won't be anything extravagant," says an insider, adding that Gaga and her 33-year-old *Chicago Fire* heartthrob will be wed in a small Catholic church in Taylor's hometown of Lancaster, Pa., with just 50 friends and family in attendance.

Afterward, there will be a simple and elegant garden reception at the couple's nearby home. "It's going to be very private," says the insider. "Gaga will wear pearls that belonged to her great-grandmother. She wants to look like a lady on her special day." ★

Nicole BEEFING UP TO SAVE MARRIAGE

LOTS of wives worry that extra pounds may drive their husbands away, but **Nicole Richie** has the opposite problem — and sources tell *Star* she's eating and gaining in a bid to save her marriage and try for baby No. 3. And from the looks of it, she's succeeding! The "new" Nicole, 33, is making hubby **Joel Madden** — who's always wanted a large-scale family — very happy. "Joel has been harping on Nicole for being too skinny and blaming that for the reason she can't conceive," a source tells *Star*. "His feeling is: unhealthy body, unhealthy mind and marriage." Nicole's weight issues go way back, when the reality show star struggled with an eating disorder and drug dependency issues. Recent rumors suggested Joel, 36, was moving out of the couple's Hollywood Hills home, but the pair, apparently still holding strong, were spotted holding hands at a U2 concert on June 3. Iggy Azalea's \$500,000 engagement ring may be Fancy, but it looks like her recent betrothal to NBA star **Nick "Swaggy P" Young** may have some very pragmatic roots. Everyone thinks this is the real reason that she canceled her tour." L.A. Lakers swingman Nick, 30, is the father of 3-year-old son Nick Jr., and it's decisively the not fancy part of Iggy that he loves. United Front?

Taking their daughters out for ice cream on May 28, Jen and Ben were spotted together for the first time in more than a month. But witnesses say they appeared tense and barely looked at each other.

Jen & Ben

SECRETS

THEIR SP

Separate Lives

“Ben does his best to avoid sleeping at home, for the most part,” a source says. “So Jen thinks he should just get his own place.”

AFTER YEARS OF TURMOIL, JENNIFER GARNER AND BEN AFFLECK FINALLY SEEM READY TO PULL THE PLUG ON THEIR 10-YEAR MARRIAGE. BUT THE BATTLE OVER THEIR \$150 MILLION FORTUNE IS JUST BEGINNING!

OF PLIT

As their 10-year wedding anniversary, on June 29, draws closer, insiders say that **Ben Affleck** and **Jennifer Garner** are preparing to tell the world they're separating. The sad announcement has been a long time coming. They've spent years alternating between fighting nonstop and barely talking, been through couples therapy and given each other plenty of space to privately work out their differences, but nothing has worked — and now sources say the pair are at the end of their rope.

The split is so imminent, in fact, that Jen and Ben are already largely living apart, according to friends. “He’s checked out of the relationship mentally, so he figures he may as well clock out physically too,” says a source. “Jennifer agrees. She’s packed up his things and told him he needs to get out. It’s well and truly over between them, and she sees no reason to stay living under the same roof.”

Now, as Ben searches for a bachelor pad, insiders say Jen is working out how to get the best possible settlement from him, should their separation result in divorce. *Star* has the inside scoop on the heartbreaking demise of their marriage — and how they’ll split their \$150 million fortune.

THE END OF THE ROAD

While it took them almost 10 years to reach their breaking point, friends of the couple say that Ben, 42, has been planning his exit for at least a year. “He was considering moving out in 2014 and even went apartment hunting in New York City,” the insider says. But when Jennifer, 43, found out her husband had been searching for a bachelor pad, she insisted they make a last-ditch attempt to save their marriage by going to therapy together.

Ben agreed to go, and it was there, in the counselor’s office, that he made a confession that shocked Jennifer and may have ushered in the end of their long-troubled marriage. “He broke down and said, ‘I just don’t think I can make it work,’” the source reveals.

Without Ben’s willingness to fight for their relationship, Jennifer reluctantly had to admit that things really were ➤

WHERE WILL THEY LIVE NEXT?

BACHELOR PAD

Ben looked at a \$25 million condo in New York City last year. It has four bedrooms — perfect for when his kids visit — and sweeping views of the Big Apple skyline.

FAMILY HOME

Jen and the kids will likely stay in their \$17.5 million Pacific Palisades mansion. “It’s the children’s home,” a pal says. “She wants them to have that stability.”

Daunted Daddy

While Jennifer routinely takes care of their three children by herself, Ben often enlists the help of his mom, Christine, as he did on June 3, while Jen was filming in Montreal.

“He loves his kids,” a friend says, “but they’re a lot for him to handle on his own.”

RESCUE!

over. That’s when he started spending most nights away from home — as *Star* reported, he’s been staying at hotels and at longtime pal **Matt Damon**’s house — and she began packing up his things. “Jen is getting ready to move on, and so is he,” the insider says. “He can’t wait to go back to being the man he was before they met.”

That means Ben is house hunting again, but while Jennifer has been hoping he’d buy a place in Los Angeles to be near their three children — Violet, 9, Seraphina, 6, and Samuel, 3 — friends say the actor/director has considered moving to New

York City instead. “It’s typical of his behavior right now. The properties he’s looking at are the types of places he would have lived in 10 years ago, before he settled down,” the insider says. “He’s trying to regain his youth, but all it’s doing is making Jennifer more livid.”

JENNIFER’S PAIN

She may be ready to start the next chapter of her life, but the decision to end their marriage has taken a toll on Jen. “They’ve been living separate lives for so long, because of their careers, that Ben moving

“Jen is heartbroken. This is extremely hard for her.”

— a friend tells *Star*

out won’t be a huge adjustment for her,” says a friend. “But she’s still heartbroken. This is extremely hard for her.”

What worries Jen most, say friends, is the possibility that other women could come forward and say they’ve slept with the *Batman v Superman* star. “It’s no secret that Ben enjoys gambling his nights away — and nothing good comes from being up all night drinking and gambling, especially in a place like Las Vegas, where call girls are everywhere,” the insider notes. “Jen is terrified that cocktail waitresses, hookers and party girls could come out of the woodwork and claim to have hooked up with Ben. She’s never busted him cheating, but she’s no fool. There’s been buzz about it for years, and she has no idea what he’s up to much of the time.” Ben has also been linked to costars including **Emily Ratajowski** and **Blake Lively** as well as British actress **Hayley Atwell**.

Even when Ben is on full-time daddy duty, he’s been known to leave the children with a nanny and go out to party or gamble. On May 14, for instance, while Jen was away on business, he did just that: left the kids with a babysitter and flew to Las Vegas, where he was spotted playing poker in the early-morning hours. “That’s why Jen isn’t surprised that he would think about moving 3,000 miles away from their family,” the insider says. “It’s hurtful to her, but he seems to be most interested in having ‘adult fun’ these days.”

WHAT’S AT STAKE

If divorce is in the cards for the couple, Ben stands to lose a lot. Jennifer has been controlling their finances for years, and insiders say she’ll fight tooth and nail for as much of their amassed \$150 million fortune as she can. “They didn’t sign a prenup, and she’s very savvy when it comes to their assets,” the spy reports. “She knows exactly what they have and where it’s invested.”

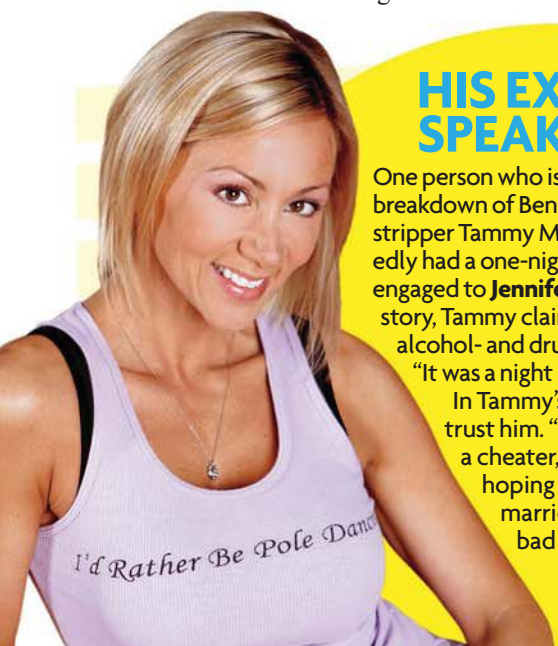

On top of that, Jen has made serious

HIS EX-FLING SPEAKS OUT!

One person who isn’t surprised about the breakdown of Ben and Jen’s marriage is former stripper Tammy Morris, with whom Ben reportedly had a one-night stand in 2003, when he was engaged to **Jennifer Lopez**. While Ben has denied the story, Tammy claims they hooked up during a wild, alcohol- and drug-fueled house party in Vancouver.

“It was a night I will never forget,” Tammy said.

In Tammy’s opinion, Ben’s wife shouldn’t trust him. “I believe, once a cheater always a cheater,” she said recently. “I was really hoping Ben had turned his life around. He married the all-American girl. It’s too bad he couldn’t make it work.”

INSIDE HER FIRST DIVORCE

Jennifer may have an advantage over Ben if they divorce, because she's been through it before. In 2003, she filed to dissolve her two-and-a-half-year marriage to actor **Scott Foley**, and *Star* has unearthed their divorce papers. But while that agreement appears amicable, with each party paying his or her own attorney fees and waiving spousal support, friends don't expect things to be so easy this time around. "There were no kids involved when she split from Scott. They were just happy to settle quietly and walk away," an insider says. "There's so much more at stake now — and a hell of a lot more money."

sacrifices in her own career to support Ben's and to care for their children. "That's the reason she's not worth as much as him: because she's put her family first. She thinks she should be rewarded for that," the insider adds. "She tended to the kids while he went off filming and partying."

And while Ben has continued his breakneck work schedule and indulged his gambling habit, Jen has been meticulously plotting her strategy. "The money battle could get really nasty. She wants to be sure their children can

maintain the lifestyle they've become accustomed to," the source says. "She'll do anything for those kids, even if it means fighting mercilessly for Ben's money and their family's house."

One thing she probably won't have to fight for is custody. While Ben adores his children, insiders say he's not sure he's capable of parenting them full-time. "He loves his bachelor life too much, and the past few months have opened his eyes to that more than ever," the friend adds. "Everyone says Jen made him a better person, but he's

tired of being tamed. At this point, it seems like divorce is imminent." ★

NO RING!

Taking A Break Before Their Breakup?

What was Ben doing in a tiny Eastern Canadian town without his wedding ring — on the eve of his wife's birthday, no less? According to reports, the Oscar winner fled his home in April, after a blowout fight with Jen, and trekked to a Buddhist monastery in Nova Scotia in hopes that the peaceful place would help him clear his head. He was spotted back in L.A., wearing his ring, a few days later, but the damage was already done: Jen was said to be furious that he'd left.

It looks like **Whitney Bischoff** has found a new love interest to lift her out of the doldrums following her breakup with *The Bachelor* star **Chris Soules** — and the identity of her partner, in the words of a show insider, “is going to rock *Bachelor/Bachelorette* Nation to its core!”

On May 30, just two days after she and Chris announced the end of their engagement, Whitney had a romantic rendezvous in her Chicago hometown with none other than fellow Windy City resident **Nick Viall** — the spurned finalist from the previous season of *The Bachelorette*,

HIDEAWAY

Whitney, who turns 30 this month, and Nick, 34, tried their best to keep their May 30 date on the down-low, an eyewitness tells *Star* exclusively, by meeting at tiny Fox Bar inside Chicago’s swanky Soho House private club. “Nick and a small group of friends arrived at 7:30 — and then Whitney joined them 15 minutes later,” says the eyewitness. “The other friends moved off to let Nick and Whitney have some space together at their table. They were leaning into each other, chatting and laughing — Whitney’s high-pitched laugh was hard to miss. She also made a point of lovingly stroking Nick’s knee while they talked.

“They stayed that way for about two and a half hours before leaving together, with Whitney pulling her red Chicago Blackhawks cap down over her eyes, like she didn’t want to be recognized,” the eyewitness adds. Four days later, Whitney posted a photo of herself wearing the same cap on her Instagram page

TWO-TIMER?

Nick and Whitney’s budding romance could have huge implications for the current season of *The Bachelorette*, the show insider tells *Star*.

“Since his comeback, everyone’s been talking about how Nick and Kaitlyn have hit it off — plus the rumors that they had actually been texting and flirting long before the show started filming,” says the insider. “Now that he and Whitney have been caught together, it raises a number of questions — including one big one for her ex-fiancé, Chris: When exactly did she and Nick first spark?”

AND BABY
MAKES
FIVE!

Something To Smile About!

"Raising the baby will be the easy part after everything they've gone through to get there," a friend of the couple says. "LeAnn's so excited — she just hopes it sticks!"

LeAnn Pregnant At Last

AFTER YEARS OF TRYING AND SHOWERING LOVE ON HER HUBBY'S TWO BOYS, LEANN RIMES IS FINALLY BLESSED WITH A BABY OF HER OWN.

DOES This Woman have a secret? Not anymore! Country-pop star **LeAnn Rimes**, 32, and husband **Eddie Cibrian**, 41, are finally expecting their first child. "It's early, so there's no bump," reveals a source close to the couple, "but the buzz is, she's pregnant."

This happy news has been a long time coming, since they've been trying since their 2011 wedding. LeAnn's love for Eddie's sons from his first marriage to *RHOAH* star **Brandi Granville** only increased her longing for a child of her own. "Eddie's already a dad, so for him not having another baby isn't the end of the world," says the source. "But for LeAnn, it's almost the only thing she thinks about."

LIGHT AT THE END OF THE TUNNEL

Though LeAnn and Eddie had been trying "the old-fashioned way," word is they ultimately elected to go the in vitro route. "She wanted to conceive naturally, but it just wasn't happening," the couple's pal tells *Star*. "The baby-making escapade has been traumatic. LeAnn had to convince Eddie to go for IVF, and that's stressful."

LeAnn got her way, and the procedure seems to have worked. She's not shouting from the rooftops just yet, though. "She's had positive pregnancy tests in the past," says the source. "But it hasn't resulted in the

happily-ever-after she so desperately wants. She couldn't handle the heartache of letting people

know she miscarried." So LeAnn and Eddie want to remain mum until about four months, if they can keep it hidden that long.

Even Brandi, perhaps wary of upsetting a pregnant woman, has called for a truce against her old enemy. "PLEASE No more bashing of @EddieCibrian or @leannrimes.... I will unfollow these people if I follow them at all," she tweeted on May 20 to fans bad-mouthing LeAnn. If even Brandi is in their corner, it looks like baby bliss all around! ★

Jessica's drinking left her "sloppy" after a performance by her brother-in-law, Evan Ross.

LEANING ON HER HUSBAND, FALLING OUT OF HER DRESS...JESSICA SIMPSON'S BEHAVIOR HAS FRIENDS WORRIED SHE'S HEADED FOR DISASTER, THANKS TO PILLS AND ALCOHOL.

It started as a happy family outing to The Sayers Club, a tony music hotspot in Hollywood. On June 2, **Jessica Simpson** and hubby **Eric Johnson** had gone to see Jess' brother-in-law, **Evan Ross**, perform, along with sister **Ashlee**, dad **Joe** and iconic diva **Diana Ross** (Evan's mom).

It was all good — until Jessica started downing drinks like there was no tomorrow. "Jessica had quite a few cocktails," an eyewitness says. "She spent most of the night on the couch drinking, but then she started dancing. She was very sloppy, and Eric had to keep close to

her to grab her if she fell." Ultimately, Eric had to steer his wife from the venue, her dress askew and her black bra exposed. Giggling, Jess, 34, made incoherent jokes to play off her drunken display.

But alarmed family and friends find her behavior to be no laughing matter. "Jessica doesn't know when to stop, and it could cost her dearly if she doesn't get help," says a source close to the star. "She's a mess right now — drinking, taking pills and not looking after herself." Once Eric finally maneuvered the missus into their car, Jessica covered her mouth as if she were about to vomit.

BOMBSHELL ON A BINGE

Stumbling out of nightclubs is nothing new for Jessica (see below), but her friends fear she's crossed a dangerous new line, with numerous reports suggesting she's developed a growing dependence on the amphetamine Adderall. The drug, routinely prescribed to people with ADHD, may have initially allowed her to focus on her \$1 billion fashion empire, but sources say she's relying on it as a diet aid.

"Jessica has become obsessed with keeping off the pregnancy weight she gained with her son, Ace," says a source. "She exercised hours a day and used

"Sooner or later, she's going to crash and burn."

Weight Watchers to lose it, but once her contract with Weight Watchers expired she turned to Adderall to lose more."

The problem is that Jessica still likes to drink, and mixing the two is a bad — and potentially deadly — combination. "Mixing alcohol with Adderall increases the toxins in both substances," explains Dr. Damon Raskin, Medical Director at Cliffside Malibu, who has not treated Jessica. "People under the influence of Adderall don't realize how much alcohol is in their system. The brain cannot

calculate an alcohol content percentage, which leads to alcohol poisoning. When mixed, there's a high risk of high blood pressure and heart arrhythmia as well as both cardiac and respiratory death."

Surely Eric knows about the Simpson family's struggles with alcohol; Jess's father, Joe, was arrested for DUI in 2012. And at one recent dinner with friends, Jess eschewed food altogether and guzzled from a drink she brought with her — a diet root beer and vodka

cocktail. "She can't have just one glass," says the insider. "Any excuse to crack open the vodka, and she leaps at it."

The world has already been seeing the results of Jessica's pill-and-booze sprees for months. In February, *Star* broke the story of Jessica's jealous freak-out at the Chateau Marmont. Furious at her husband for chatting with a pretty brunette, the 5'3" Jess attacked the 6'3" Eric, 35, leaving the former NFL tight end with a bloody gash on his nose. Then, in March, on the red carpet for *Teen Vogue's* 10th Annual Fashion University event, Jess was jerking and mugging like a badly wired robot.

FEARS FOR HER FUTURE

Friends and family can no longer turn a blind eye to Jessica's self-destructive antics. Even Eric, who is "no angel" and seems to enjoy the high life the couple have led since they started dating in 2010, is beginning to realize that his wife — and perhaps their marriage — is in trouble.

"Eric is standing by her because he loves her and she's the mother of his children, but it's getting to be too much for him," an insider says. "He's beginning to think all the people telling him to get her into rehab could be right." ★

A Woman Scorned

"Scott is going to have a hard time explaining this to Kourtney — they're on very shaky ground as it is," says an insider. "This could be what breaks them up for good!"

**KOURTNEY'S
WORST
NIGHTMARE!**

Scott's

**UNSAFE
WITH SECRET**

SCOTT DISICK HAS BEEN HAVING AN AFFAIR WITH A SEXY COLLEGE COED — AND HER FRIENDS FEAR HE'LL GET HER PREGNANT.

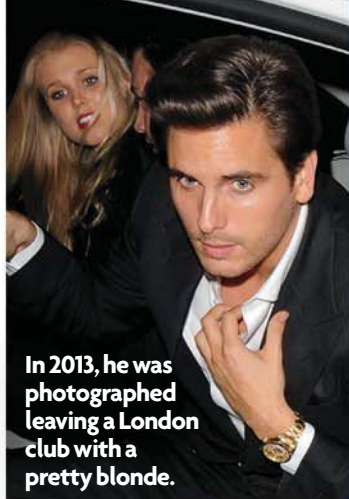

**DRUNK
AGAIN!**

SCOTT DISICK has made a career out of partying. He's been known to spend multiple nights a week at nightclubs or bars, with or without the Kardashians, and usually gets paid for his appearances. But what the reality star — who has openly struggled with alcohol abuse — does after he leaves the clubs has largely remained a mystery, save for the occasional complaint about his hotel rooms getting trashed.

Now *Star* has uncovered a piece of that puzzle, after multiple sources report that, in January, **Kourtney Kardashian**'s longtime partner and baby daddy left an Arizona nightclub with a coterie of women — one of whom claims to have spent the night with him. What's worse, the pair allegedly had unprotected sex — and Scott, 32, was terrified he got her pregnant!

HIS SCANDALOUS HOOKUP

The shocking encounter occurred on Jan. 14, in Scottsdale, Ariz. "Scott had an appearance at El Hefe nightclub. He arrived late and looked pretty drunk," a source close to the girl he hooked up with tells *Star* exclusively. "He met a bunch of women there and was openly flirting with them."

In 2013, he was photographed leaving a London club with a pretty blonde.

GIRLS, GIRLS, GIRLS!

This isn't the first time Scott has been accused of cheating. His buddy and former manager, **David Weintraub**, recently claimed that Scott has slept with "countless" women. In one instance, at a Las Vegas strip club in 2014, "Scott was doing drugs and making out with the girls," said David, who also called the reality star a "cokehead." "Then he grabbed two strippers and went into a private room, where anything can happen." And he's paid a price for his indiscretions: As *Star* previously reported, in 2012 the boyfriend of a Miami brunette found Scott in bed with his girl. Scott allegedly bought her silence with a \$200,000 Mercedes-Benz.

For about a half hour, Scott and the girls drank heavily. "They all got pretty hammered," the source reports. "Then he invited the girls back to his suite at the W hotel for more partying."

Back at the hotel, the father of three had his security team confiscate all the girls' phones so no one could snap photos of what transpired. "There were about 15 girls there, and the only other guys were his security," the insider says. "Everyone was drinking champagne, and Scott and some of the girls were using cocaine too."

Eventually, most of the girls left — but a gorgeous brunette college student stayed behind. "Scott slept with her," the source reveals. "She was really proud of herself for sleeping with him. She told everyone at work about it."

To make matters significantly worse, the source claims that Scott did not use protection when he had sex with the girl and was worried he might have gotten her pregnant. "The next day, Scott texted her and asked if she was on the Pill," the insider says. "He was totally freaking out." But despite the scare, Scott remained in touch with the girl, who told friends she hooked up with him again a few weeks later, when he returned to Arizona for another club appearance.

KOURTNEY'S DILEMMA

Of course, the person who would be most hurt by Scott's actions is Kourtney, 36, who has no idea what happened in Arizona. "Kourtney is not stupid. She is aware of Scott's partying and all the girls he meets, but there is a limit to how much she will put up with," says a Kardashian insider. "She's not naive enough to think that Scott hasn't cheated, but her worst nightmare is him getting some random girl pregnant. It's always in the back of her mind, because she knows how out of control he gets."

That's the one thing that might prompt Kourtney to leave Scott for good, the insider says. "She's always been very understanding, but if she finds out about what happened in Arizona, it may be the end of their relationship," the insider adds. "Kourtney has more than enough money to take care of their children by herself — and considering how many chances she's given him, he should be worried about finally pushing her over the edge." ★

After her alleged fling with Scott, the mystery girl confessed to her boyfriend — and got dumped.

Life Of The Party

Despite his substance-abuse issues, Scott continues to make nightclub appearances — like the one in Arizona on Jan. 14. He checked into rehab in Costa Rica in March but left just a week later and was spotted out at a local club soon after that.

Orange County Gets Juicy

A new blonde beauty promises to shake things up as she joins the crazy cast of *RHOC*!

IT'S the *Real Housewives* franchise that started it all, and despite **Vicki Gunvalson** being the lone original cast member, there continues to be plenty of glitz and drama. As the 10th season begins, the stunning **Meghan King Edmonds** joins the cast. She's the newlywed of former baseball star turned commentator **Jim Edmonds** and recently moved from St. Louis to the O.C. "My cosmetics line is based in L.A., but we moved to Orange County, so my stepdaughter Hayley, who you will be seeing a lot of on the show, could be close to her mother, who has cancer and lives in L.A.," she tells *Star*.

She joins castmates and newfound friends — **Shannon Beador**, who is struggling to save her marriage after discovering that her husband cheated; **Tamra Judge**, who, despite her youthful appearance, is embracing her new role

as grandmother; and **Heather Dubrow**, the wife of famed *Botched* plastic surgeon **Terry**, who's overwhelmed with the construction of the couple's palatial new estate.

But it's Vicki, who's dealing with the cancer diagnosis of her boyfriend **Brooks**, who is at the center of the new season. As she stresses out over his well-being, the other Housewives question whether he is even really sick!

"There are a lot of reasons I think he is faking his diagnosis. Those will be revealed throughout the show, and I think the viewers will find those reasons compelling," explains Meghan. "There

is definitely a lot of tension between me and Vicki because of it. She is very manipulative"

And in between the glamorous parties and lunchtime martinis, Meghan believes being on the show can actually do some good. "It's been difficult for me to find someone I can relate to. I've felt lonely at times," she says.

"So, by putting this story on television, I hope there are viewers out there who understand that they are not alone if they are going through the same situation."

→ JURASSIC WORLD

Don't these people ever learn that man can't control nature? It's the fourth film in the action-adventure series, and while **Steven Spielberg's** 1993 original is a classic, the sequels have been a downhill ride. In this installment, it's 20-plus years since the events of the first film, and *Jurassic World*, a theme park with live dinosaurs on the site of the original catastrophe, is a huge tourist attraction. But the scientists are diving into dangerous waters, splicing genes to create newer, meaner species and attract bigger crowds. And when the latest creation — the biggest yet — escapes while the park is full of guests, well, you can fill in the blanks. Which is the problem. Despite a fresh new cast that includes **Chris Pratt, Bryce Dallas Howard, Irrfan Khan** and **Vincent D'Onofrio**, the plot is

remarkably familiar, full of dinosaurs with an uncanny knack for eating villains but no ability to catch the good guys. It offers improvements in the computer-generated dinosaurs, but special effects can't make up for a story riddled with sci-fi movie clichés. Worst of all, it is not very exciting, while the first film had adrenaline written into its genetic code.

LONG STORY SHORT: Perhaps it's time for this series to face extinction. ★★☆☆

MOVIES

→ COMPLICATIONS

Premieres Thursday, June 18, at 9PM on USA

Jason O'Mara stars in this series about an ER doctor going through a crisis in his personal life when fate deals him a wild card. He comes across the victim of a drive-by shooting, and he not only saves the boy's life medically but picks up a gun and stops the would-be killer from finishing the job — which puts this doctor in the middle of a turf war between Hispanic and African American gangs. And the gangster whose son he saved expects him to keep on protecting it. In some ways, this new series has the same addiction to high-octane action and suspense as shows like *24* and *The Shield*. But the number of preposterous plot twists ultimately sinks it before it ever truly launches.

→ THE ASTRONAUT WIVES CLUB

Premieres Thursday, June 18, at 8PM on ABC

This drama tells the epic behind-the-scenes story of how man first landed on the moon through the eyes of the military wives who became part of the campaign to sell the space program to America. But instead of high-stakes drama, it's soapy and overdramatic. There's the shy one who stutters (**Azure Parsons**), the quietly dignified one (**Dominique McElligot**), the party animal (**Odette Annable**) — pretty much every female stereotype is accounted for. While these women made great sacrifices as we ventured into space, this crass, watered-down version of their personal history clearly doesn't put them in the best light.

Ashley Tisdale (left) gives one of the many wacky customers a cut.

TV

→ CLIPPED

Premieres Tuesday, June 16, 10PM, TBS

Here's a workplace sitcom that somehow manages to feel fresh. It's set in a barbershop where many of the stylists were high-school classmates, including their smarmy boss, Ben (**Ryan Pinkston**). Ben's a jerk — not just because he's the boss, but because he holds a grudge from the old days. Specifically, against A.J. (**Mike Castle**) and Danni (**Ashley Tisdale**), the cool kids who ignored him. On the pilot episode, he makes life difficult for all his employees by announcing that, to cut costs, he's going to have to fire someone, then telling them they have to choose who'll leave. The writing is sharp enough to keep the story moving and the jokes flying — and it offers the added bonus of comedy legend **George Wendt** as the former owner of the shop, who still cuts hair there. It's a comedy that you will be talking about the next time you get a trim.

★★★★★

→ THE BRINK

Premieres Sunday, June 21, at 10:30PM on HBO

Jack Black and **Tim Robbins** star in a new satirical series about global politics that has the same sharp teeth as *Veep*, though not the same kind of humor. Robbins plays the U.S. Secretary of State, a hard-drinking womanizer called to the Situation Room by the President (**Esai Morales**) when a crisis emerges in Pakistan. Black is a self-important, low-level embassy worker in Pakistan, who becomes Robbins' bumbling link to what's happening on the ground. But they're all more interested in shifting blame while advancing their own careers and appetites. The outrageous behavior and attitudes, all offered with a straight face, makes for humor that balances between dry and absurd. Sometimes it's a little too straight and the jokes fall flat, but there's an inspired madness at work here that will keep you watching.

By Jennifer Angel

GEMINI MAY 21–JUNE 20

Prepare for new beginnings, but changes must be made to ensure a better life. This can mean leaving some things, people or situations behind. Your finances can improve, but you need to be patient.

CANCER

JUNE 21–JULY 22

Life rarely stays the same, and right now you can move to a better place. At work, think of ways to implement your ideas to speed up the process.

LEO

JULY 23–AUG. 22

An intimate relationship that is both passionate and intellectual can become more permanent. But keep love real and accept others for who they are. Your career may get a boost from a friend.

VIRGO

AUG. 23–SEPT. 22

You've entered a new phase at work. Set goals and plan for tomorrow, but don't forget to enjoy today. When love is right, you will know it in your heart and soul.

LIBRA

SEPT. 23–OCT. 22

Spontaneity makes life exciting — be willing to step out of your comfort zone. At work, the more skills you learn, the more in demand you will be.

SCORPIO

OCT. 23–NOV. 21

Don't obsess over a romantic interlude. Enjoy the moment for what it is and let the future take care of itself. Teamwork can lead to an opportunity that can be good for your bank balance.

SAGITTARIUS

NOV. 22–DEC. 21

Stand by for romance! But choose your next move carefully, as it will carry you into the future. Express yourself clearly and honestly to avoid any mix-ups.

CAPRICORN

DEC. 22–JAN. 19

Mix with people who have similar goals and are motivated to achieve them. Consider your choices and work smarter, not harder. Take care of your health: You have been going full blast, and it's time to recharge your batteries.

AQUARIUS

JAN. 20–FEB. 18

Singles can stumble upon someone perfect, while those in a relationship should consider planning a romantic rendezvous. You have a unique creativity, but teamwork is the key to getting ahead.

PISCES

FEB. 19–MARCH 20

Family is important — they may reach out for advice, but be careful not to act on their behalf. Look after yourself; it's a perfect time for an image overhaul. Life is full of pleasant surprises, so get ready to embrace what comes next.

ARIES

MARCH 21–APRIL 19

An unexpected meeting with someone amazing can turn into a romantic affair. Think outside the box to get ahead at work; a creative project or idea could move ahead now. If you need advice, seek out those you trust.

TAURUS

APRIL 20–MAY 20

Finances are looking up! And the more you can learn how to manage your money, the better off you will be. Your home and family life can improve now. Make time to be with those you love and adore — it's important to have fun!

SCORING

MOSTLY A: Country/Vintage: You like antique furniture, handpainted armoires and old kitchenware. You enjoy the welcoming look of a past era which you find warm, charming and homey. Whether you decorate a beach house or an apartment, you want a home with character and charm; a sanctuary where details matter!

MOSTLY B: Modern/Traditional Mix: You like rooms that have large closets, bathrooms and efficient, easy-to-keep-clean metal or glass tables. New and orderly is your style. You're more interested in function than the history behind a flea market find. A few older furnishings are fine, but clean-cut, aesthetic lines define your taste.

Brad, Angie & The Kids

FLY COACH!

FEEL free to move around the cabin! When the world's most famous family travels, you'd think they would have a fleet of private jets at their beck and call. But on a June 6 Air France flight from Paris to Nice, **Brad Pitt, Angelina Jolie** and their six kids all crammed into coach. Traveling with just one nanny, the clan began their journey in Los Angeles — and after a two-hour layover in the City of Light, joined the masses for a 1:30 p.m. flight south to Nice, which is close to their French home, Château Miraval, in Provence. And while it may seem frugal of the fabulously wealthy family, consider that even with a leg of the trip in coach, three adults (including the nanny) and six kids, at prices ranging as high as \$2,500 a ticket, adds up to a whopping \$22,500. Not to mention baggage fees! ★

The family entered LAX prepared for a long flight to France, first to Paris and then on to Nice.

Kim's New Face

INSTAGRAM

Reality star Kim Zolciak is not happy about speculation she had a face lift after her mug appeared altered in a recent Instagram selfie. She angrily tweeted, "Top doctors my a*s! I have not had surgery on my face period!!!!" How dare anyone think that a woman who's admitted to having two boob jobs, a tummy tuck and her own wig line would ever do anything to artificially change her appearance. For shame!

BOBBY'S HOLLYWOOD WALK OF SHAME

FALLEN
STAR!

A famous TV chef like **Bobby Flay** may be able to stand the heat in the kitchen, but his personal life is getting a little too hot for him to handle. As his divorce with **Stephanie March** rages on and allegations swirl that he carried on an affair with **January Jones**, Bobby received a star on the Hollywood Walk of Fame on June 2. But in the middle of the ceremony, a small plane carrying a banner reading "Cheater" passed overhead multiple times, much to the celebrity chef's chagrin. ★

CHEATER

GEORGE SHOWS AMAL HIS HOMETOWN

Maybe it's not Lake Como or Venice or Hollywood, but **George Clooney** took his wife, **Amal**, to where he's really from, Augusta, Ky. The pair traveled to the star's hometown for a family reunion, where they obliged starstruck locals with selfies and posed for pictures with the proprietors of Magee's Bakery. "George grew up around here," bakery co-owner Russell Dickson (above), says. "They both ordered transparents. It's made of eggs, butter, sugar and milk. It was her first time having one, and she absolutely loved it." George also played pickup basketball at Augusta High School, and at the actual reunion party he and Amal joined in singing "Happy Birthday" to a lucky lady who was celebrating at a nearby table. ★

Kellen's A Prom King!

That's one way to make your friends jealous! High school senior Brianna Siciliano had one hunky date at the Monroe Township High School prom in *Bullseye* host Kellen Lutz. The 18-year-old beauty originally reached out to Kellen, 30, for help when she was being bullied at school, and they soon became friends. Something tells us she won't be pushed around again anytime soon! ★

Star WEEKLY AWARDS

We round up the week's best, worst and downright strange.

* Most Confident Comic

Unlike a lot of starlets, funnyperson Amy Schumer is fine with her figure. As far as she's concerned, it's just more to love, or at least like a lot. While accepting an award from *Glamour* magazine, she declared, "I'm probably, like, 160 lbs. right now, and I can catch a d--ck whenever I want!"

HAIR
RAISING!

* Funniest Throwback

Jude Law cringed — and rightfully so! — when *Tonight Show* host Jimmy Fallon exposed a pic of him appearing in a U.K. musical when he was just 15 years old. Ooh, the colors!

LESS IS
MORE!

* Biggest Weight Loss

You might have missed Kirstie Alley's shrunken silhouette, dwarfed as it is by Wendy Williams' ultracurvy contours. But the former *Cheers* star, who played model for denim diva Diane Gilman, lost some 50 lbs. Way to go!

TOO
HOT!

* SEXIEST LAWSUIT

J.Lo's sex appeal proved to be too much for audiences in Morocco. An education group there is suing the superstar for "disturbing public order."

SMOKIN'
STARS!

* STRANGEST BUDFELLOWS

Comedian Jeff Ross revealed that he, Snoop Dogg and Martha Stewart got high together backstage at Justin Bieber's Comedy Central roast. Surprised? Don't be! They all like to wake and bake in their own way.
